RETAILERS FAVOR 6 P. M. CLOSING ON SATURDAYS

The majority of the general retail stores of Redwood City favor closing at 6 p. m. on Saturdays.

This was the result of a vote taken by a committee appointed by W. D. Ryan, chairman of the Retail Division of the Chamber of Commerce. The committee members included Charles Nelson, Alex J. Bechet and Charles P. Thiele. The appointment of the committee was authorized at a meeting of the retail division held last week.

On the basis of the vote it is recommended by the committee that all general retail stores, excluding food stores and restaurants, close at 6 p. m. starting Saturday, September 2, and each Saturday thereafter. The following stores voted in favor of closing at 6 p. m.:

Hearne Dry Goods Co., J. C. Penney Co., M. A. Beder, W. P. Dickson, Mary Elizabeth Shop, F. W. Woolworth Co., H. G. Lamb, H. B. Gardiner, D. G. Schiel, Ryan Furniture Co., Hull Bros. and Redwood Hardware Co.

A vote was also taken on the question of keeping stores open on Admission Day, September 9. This was done at the request of other communities on the San Francisco peninsula. All merchants associations from San Francisco to San Jose inclusive have decided to keep open on Admission Day. The vote in Redwood City was unanimous to fall in line with the other communities.

Barbers' Code Meeting Held; Hours 9 to 6

Meeting under the auspices of the chamber of commerce this week the master barbers of Redwood City agreed upon hours and regulations for the enforcement of the proposed barbers' code under NRA.

Part of the code relating to maximum hours has already been adopted. This provides journeymen barbers may work 48 hours per week. The same regulation applies to master barbers when they are engaged in barbering as well as managing a shop.

A. P. Whitehead, 2076 Broadway, was selected to serve as chairman of the meeting and Howard I. Wood, secretary of the local NRA committee, as secretary. The barbers decided upon opening at 9 a. m. and closing at 6 p. m. six days a week including Saturday. Customers on hand at the time when the shops are closed at 6 p. m. may be cared for, but additional customers cannot be allowed to enter either the front or rear doors after the closing hour.

Gifts Banned

It was also unanimously decided that the practice of giving away candy, lead pencils, or souvenirs of any kind to children as a means of attracting trade should be discontinued. It was pointed out that such a practice is not only against the codes of fair competition under NRA but that it is now an infraction of a state law which went into effect a short time ago.

Effective Monday

The barbers voted to authorize the chairman to appoint a committee of three which would act as an auxiliary group with the local NRA committee in the enforcement of regulations agreed upon at the meeting. The enforcement power has been placed in the chamber of commerce by the NRA administration. The new regulations, including opening and closing hours, will go into effect Monday, August 28.

The meeting was attended by Al W. Cross of Palo Alto, president of local No. 914, who told of the successful regulation of hours and practices at Palo Alto, Burlingame and San Mateo. The plan in Redwood City is simply getting in line with regulations already in force in adjoining communities on the San Francisco peninsula.

Two Suits Follow Automobile Crash

Two damage suits totaling $32,500 were filed in the superior court here this morning as the result of a Bayshore highway accident north of South San Francisco July 10. In both, the defendants are Mr. and Mrs. Alphonso Steffanino.

Plaintiffs in the first suit are Mr. and Mrs. Tracy Miller, who ask $17,500. In the other complaint, Theodora Gross, 20, seeks $15,000 through her father, E. B. Gross. Both suits were filed by John H. Thomsen and J. W. Lenahan, Monterey attorneys.

The plaintiffs say that the Steffanino automobile was carelessly and negligently operated.

County is Not Represented At State Fair

Although the state fair opens in Sacramento next Saturday, San Mateo county, the second fastest growing county in the state, will not be represented, on account of budget slashes.

It is estimated that it would cost about $500 for an exhibit and attendants. Roscoe Wyat, manager of the county chamber of commerce, put the display on last year for $478—a marked decrease compared with earlier costs.

The advertising budget this year calls for $5,215. In connection with this subject, M. C. Hall, manager of the California Mission Trails Association, has called the attention of county authorities to the following:

The new state law provides that amounts in this year's county budgets cannot be increased more than 5 per cent each succeeding year.

In view of this fact, Santa Barbara county (which had cut its advertising budget 10 per cent), last week increased the total advertising budget 60 per cent. There is a movement on foot in other counties to do the same, according to Hall.

"In other words," he said, "although the counties would like to hold down their budgets this year, they realize that during the next few years conditions may be vastly different and that they will need the full amount provided by law for advertising in order to meet the competition of other sections of the state.

"It occurs to me that San Mateo county may wish to protect itself in similar fashion. It is not necessary to actually spend the full amount this year—or in fact to spend any more than you have at present budgeted, as the balance can be carried over as a reserve—thus making it unnecessary to budget anything for advertising next year."

Mrs. Kelting, Old Resident, Passes Today

Pioneer Knew Dickens In Her Childhood In England

Mrs. Harriet Richardson Kelting, one of the oldest and best known pioneers of this city, passed away at the family home on Franklin street Saturday. Mrs. Kelting, who had observed her 93rd birthday in May, had been in failing health for some time.

The deceased is survived by her son, William G. Kelting, and two daughters, Mrs. A. E. Lueger and Miss Emily Kelting, and the following grandchildren: George F. Kelting, Miss Florence Kelting, Mrs. Percy Martz and Mrs. Charles Gable. There are also two great grandchildren, David Kelting and Genevieve Gable.

Mrs. Kelting was born in London in 1840. In her childhood she was personally acquainted with Charles Dickens, and delighted to tell of listening to his works before they were sent to the publishers. She came to the United States in 1867, and after remaining one year in New York, came to California by way of the Isthmus of Panama. The family first located in San Rafael and in the early eighties came to Redwood City. Her husband, Capt. Jacob Kelting, passed away many years ago.

Layng and Tinney are making arrangements for the funeral.

Estate of Drowned Man Being Sought

Mrs. Katie Bruno, 229 Second avenue, San Mateo, this morning petitioned the superior court for letters of administration in the estate of her late son, Edward Bruno, who was accidentally drowned at the foot of a coast cliff near Waddell Creek July 10. Bruno, who was a native of Portola, left an estate worth $584, in the form of an adjusted service certificate.

In addition to the mother, Joseph Bruno, a brother, is listed in the papers filed by Attorney J. E. McCurdy of San Mateo. The deceased was not married.

Jos. Territo Opening New Market Today

The grand opening of the new Territo Super Market, 2618 Broadway, will take place this morning at 8 o'clock and continue throughout the week-end.

Joseph Territo, general manager and proprietor, states that he has prepared "one of the greatest food sales in the history of the peninsula" to celebrate the opening days.

The new market is composed of four complete departments. grocery, delicatessen, meats and fruits and vegetables. The market is so arranged that shoppers may conveniently do all of their shopping in a minimum of time. The grocery department will offer self-service facilities while the other departments will be manned by clerks.

The market presents an attractive appearance, being finished throughout in green and black and having modernistic lighting fixtures and counters.

All groceries will be conveniently arranged on roomy shelves, plainly marked and segregated according to brands, making it easy for the housewife to select her needs. Erwin J. Buehler, well known local grocery manager, will be in charge of the grocery department.

The delicatessen department is located just to the left of the front door. Shiny new refrigerated counters of the very newest design will keep the foods in sanitary condition. The kitchen of the delicatessen will be kept strictly sanitary and is open for inspection to the public, according to Territo.

Richard Wagner, who has been associated with Territo at the Popular Market delicatessen, will have charge of the delicatessen department. Mr. Territo will continue to operate the delicatessen department at the Popular for the time being.

The meat department has been equipped with the best refrigeration devices it is possible to secure. The ice box where meat is hung before being placed in the counters has been specially constructed to meet the needs of a modern market. The counters will be both electrically lighted and refrigerated. Ed Drake, local butcher, will have charge of the meat department, assisted by three meat cutters.

The fruit and vegetable department is located at the right of the entrance and here a complete line of produce from local gardens will be sold. All fruits and vegetables will be selected each day. Louis Fanos, experienced local fruit man, will be in charge of this department.

Many prizes and gifts have been arranged for the opening days and balloons and souvenirs for the boys and girls will be given away free.

Kleig lights from the Hollywood movie studios will be used to illuminate the market at night, making it the center of attraction. boulevard at Burlingame avenue.

Driver's Test In Farallones Puzzles Bureau

What to do about giving two automobile operators who live in the Farallone Islands their driving tests was causing the local bureau of the state traffic department no little consternation today.

Mrs. Hilda McGovern, clerk, opened a letter yesterday from Dewey M. Zike, 30, whose home (when he is home) is at 1841 Polk avenue, San Diego. His license and the one belonging to Pearl G. Zike, 22, same address, had expired, and the two were ordered to communicate with the local bureau to get their renewals.

The Zikes cannot get down to Redwood City for their drivers' examination because their only day off each month comes on a Saturday. He is employed in the finder station of the United States Naval Direction.

Well, Mrs. McGovern was at a loss for an answer, and then Officer Chester Kreiss chimed in with a suggestion which either settled the issue or settled him. His proposal was to send to Sacramento for a patrol boat, take it out to sea and see if the Zikes could successfully pilot the craft between the jagged rocks which form part of the Farallones.

Whereupon Mrs. McGovern asked Officer Kreiss how he would get home if the driving test wound up with the boat in Davey Jones' locker. When the reporter left the argument was still raging.

WOMAN AUTIST HURT

BUSY FIRE DEPARTMENT NOW HAS CANNED FRUIT

Talk about your Jack of all trades! The Redwood City Fire Department takes the prize.

If you have a fire, you call the fire department—naturally. But also—

If you want an inhalator to save somebody's life—call the fire department.

If you want Red Cross flour—call the fire department.

If you want Red Cross clothes for men, women or children—call the fire department.

If you want a permit to build a bonfire—call the fire department.

If your pet kitten is stuck high up in a tree, and is afraid to come down—call the fire department.

If you have accidentally locked yourself out of your house—call the fire department.

And now, if you want some tasty jam, jelly or preserves, or a jar of fruit—call the fire department.

Row upon row, shelf upon shelf, box upon box of canned fruit may be seen at the fire house on Middlefield road. There are hundreds of jars of peaches, pears, apricots and plums, and hundreds of jars of jam and jelly. They were put up by unemployed women under the auspices of a Red Cross committee, at the cafeteria kitchen in Sequoia Union High School. Jars and fruit were donated by Redwood City people.

This is part of the relief work of the local Red Cross chapter. The fruit is available for needy families, who may obtain it by presenting the proper credentials to the firemen.

HOW CITY CAN AID NRA TOLD BY COMMITTEEMEN

Redwood City's part in the NRA program was crystallized in the following statement today, which was issued by the local recovery committee:

"The NRA plan is designed to put 5,000,000 men back on payrolls in a short time.

"When this is done, 20,000,000 people (assuming four to each wage earner's family) will suddenly be placed in a position to buy the normal necessities of life. That means that the total trade volume of the nation will, upon the complete acceptance of this plan, be lifted by from 10 to 20 per cent.

"Redwood City will have a definite share in this increased prosperity to the extent that it participates in the plan, so there is a responsibility on every citizen here to co-operate to the utmost to make this gigantic national plan a complete success. Every employer and every consumer has a definite responsibility to assume.

Employer's Responsibility

"NRA calls upon every employer to shorten hours of labor, so as to make room for more employes.

"Each industry will before long adopt its own code which will fix the increased labor obligations to be assumed by all firms associated with that particular industry. Until that time all employers are asked to sign the president's agreement and to meet the hours and wages established in that agreement. This agreement is sometimes referred to as the blanket code.

"The success of NRA therefore calls for the co-operation of every employer.

"It is to the employer's self-interest to do this. Why? Because more people working, with bigger payrolls, will increase the market for his goods. Every dollar spent by an employer now for increased payroll will return many fold as business flows from a consuming public, once more able to buy to supply its unfilled needs.

"So every employer should sign the president's agreement at once.

Consumer's Responsibility

"Every individual, man and woman, who buys anything, owes it to himself and his community and to the nation, to buy only from those employers who have taken the increased burden of increasing payrolls to bring back prorperity. This is to the self-interest of the consumer because no citizen can fail to share in this added prosperity. It will reflect itself in increased values for everything he owns. It will make his present position more secure by reversing the process of deflation.

"So every consumer should sign the consumer's pledge, which commits him to do his part in this great national economic experiment.

"The duty of every citizen of Redwood City is therefore plain. The president has said:

"'On the basis of this simple principle of everybody doing things together, we are starting out on this nation-wide attack on unemployment. It will succeed if our people understand it—in the big industries, in the little shops, in the great cities and in the small villages. There is nothing complicated about it and there is nothing particularly new in the principle. It goes back to the basic idea of society and of the nation itself that people acting in a group can accomplish things which no individual acting alone could even hope to bring about.'

"Redwood City must do its part in this great plan. It has never failed when the nation called and it will not fail now."

Traffic Man For Co. Port Is Authorized

The San Mateo County Board of Harbor Commissioners will be allowed a total of $125 for the services of a man who will determine the approximate amount of traffic which can be counted upon to pass through the Redwood harbor, it has been decided by the county supervisors.

A protest from the Oak Knoll Improvement Club was filed. It requested the board to deny any permits for housing greyhounds in the Emerald Lake district.

From Dr. Harold E. Morrison, director of health and welfare, came a letter which said that he could see "no sanitary objections" to the dumping of garbage by the Bayshore highway near South San Francisco.

Doctor Morrisson's letter came in response to a request that he investigate conditions there.

County Engineer James S. James was granted permission to leave the state from September 8 to 28.

The board adopted a resolution vesting authority of the national recovery administration in the county unemployment relief committee.

Capt. Edward Macauley of the relief committee was given the board's assurance that $56,000 which was transferred from the social service budget to the unemployment relief budget would remain in the latter. He was anxious to get the matter settled in order that he could begin immediately setting up his plans for starting September 1.

WINS FINAL DIVORCE

Judge Maxwell McNutt this morning granted a final decree of divorce to Mrs. Jennie Mikita on charges of extreme cruelty suffered at the hands of her husband, Frank Mikita. She was allowed to resume her maiden name of White.

Renovize Total For County is $1,150,000.00

The total of renovize pledges for San Mateo county today is $1,150,000, the campaign headquarters in San Mateo announced. The goal was $1,000,000.

Redwood City's total was reported as $218,000, far over its $150,000 goal, and Henry Witte, local chairman, believes the $300,000 mark may be reached.

San Mateo has 50 per cent of its quota.

Hillsborough has exceeded its $250,000 quota. Its first quota of $100,000 was passed the first day of the campaign.

Increases in Attendance at Schools Shown

Increases of approximately 100 students at Sequoia Union High School and 50 in the Redwood City Elementary School District were reported today by Principal A. C. Argo of Sequoia and Superintendent John Gill of the elementary schools as classes began on regular schedule after the opening of school for the fall term Monday.

The total registration at the high school today is 1185, according to Mrs. Petra Cooper, registrar. This figure compares with 1087 on the second day of school a year ago. There are still approximately 100 students signed up last spring who are expected to enroll during the week.

There are 1794 pupils in the seven elementary schools, Superintendent Gill announces. This represents a gain of 42 over 1932. Inclusion of 94 kindergarten pupils brings the total to 1888, with prospects that enrollment will exceed last year's peak of nearly 2000 before mid-year graduation.

Registration by schools shows the following:

McKinley Intermediate	443
McKinley Elementary	334
Lincoln	236
Central	237
Garfield	221
Washington	178
Jefferson	135
Total	1794

The 94 kindergarten pupils are distributed as follows: McKinley, 38; Lincoln, 22; Garfield, 20; Washington, 14.

Additional room for classes at the McKinley Intermediate School will be provided with the completion within a week of the new $4000 annex.

Sixth Death In Two Weeks On Bayshore

Death struck on San Mateo county highways for the sixth time within two weeks late Wednesday afternoon when a head-on collision on Bayshore highway, just south of the northern county limits, killed Carl W. Koenig, 528 Edinburgh street, San Mateo, estimator for the Pacific Manufacturing Company of Santa Clara.

Koenig was proceeding south in his coupe when it was struck by the car driven by Frank Tricker, 42, chauffeur for Arthur Reynolds, vice president of the Bank of America in San Francisco and resident of Hillsborough, according to the report of Traffic Officer John Hanlon.

Tricker, held in the county jail here on a technical charge of manslaughter, told District Attorney Edmund Scott yesterday that he was going into San Francisco to pick up his employer and was driving in heavy traffic when the machine in front of him stopped suddenly and he swerved to avoid a collision.

As he swung into the third lane, Tricker said his car smashed into Koenig's. The latter's death was almost instantaneous. Tricker, who lives at 1117 Juanita street in Burlingame, escaped with a small cut on his forehead. He was being held with bail fixed at $1,000 cash or $2,000 bond.

Eaton gave his age as 18, his weight as 194 pounds, and his height as 6 feet 2½ inches.

CO. SUPERVISORS ADOPT DEPARTMENT BUDGETS

A county corporation yard for Redwood City virtually was in sight today after County Engineer James S. James succeeded in getting supervisorial approval for a $25,000 item for construction of the yard, at the late afternoon session of the board Wednesday. James' road budget was approved substantially as offered.

James, set on getting approval of his proposed expenditures by Wednesday, because of the state law which requires adoption of the entire budget not later than August 30, presented his arguments, and the board wound up by putting its stamp of approval on all county departments' figures.

Yesterday's protests were heard and time of setting the tax rate was fixed for this morning at 10 o'clock.

Meanwhile, James and Ronald Campbell, technician of the county planning commission, were engrossed in plans for the building of as much of the corporation yard as they can this year. It will be located on the county property which surrounds the detention home on the block bounded by Broadway, Walnut street, Hilton street, and Maple street.

James said that it may be necessary to rent storage space for some of the county's automotive equipment, but that the matter would be settled later.

The budget calls for a tax rate of $2.08, compared with last year's figure of $2.895. Capital expenditures will total $898,685, against $742,915 last year. While opponents of the charter form of government sought to point out that the new system was bringing increased costs of government, the charter backers cross-fired with the statement that the increases this year are largely due to emergency appropriations for unemployment relief.

The unemployment relief figures total $122,000, plus interest of $14,363 on the $350,000 bond issue which was passed by county voters a year ago.

The fact that county expenditures are increased by $156,000 and the tax rate is reduced by 81 cents is brought about because of the state taking over the financing of school districts through the sales tax.

Discussion of the budget yesterday was marked mostly by criticism of Attorney W. H. Morrissey of Redwood City, who served as county counsel under fire for one week last month; Miss Sarah Fry of Menlo Park, and Mrs. Ella Chase of Lomita Park.

Morrissey, soon after this morning's hearing started, asked the board for a copy of the proposed budget. Chairman Dr. C. V. Thompson informed Morrissey that the individual totals had not been copied yet and that the board did not have any complete resumes, even for itself.

Thompson tersely cut off Morrissey with the remark that the budget probably would have been properly prepared on time if he (Morrissey) had kept his hands off.

Mrs. Chase accused the supervisors of allowing the board of freeholders and advisory board to "make pinheads" out of them by practically dictating the budget's provisions. Dr. Thompson replied that the board had solicited the assistance of the advisory group, which is composed mainly of freeholders, and that the two had co-operated fully.

Miss Fry, who was present both Wednesday afternoon and yesterday, shot in frequent requests for a reduction in the budget.

During Wednesday's hearing, which largely was devoted to the proposals of Dr. Harold E. Morrisson, director of health and welfare. Miss Fry took exception to Doctor Morrisson's plan to have a public nurse, at $2100 per year, to do field work in the county along all lines of health.

"In these pressing times, can't we do away with the $2100 position of that nurse?" she asked.

"If you set up my office with two meat inspectors and a dairy inspector and don't give me a public nurse, you'll make me the laughing stock of the whole public health group in America," Dr. Morrisson came back. "I didn't come here to be a figurehead. I came here to do a piece of work, and I can't do it without a public nurse."

Morrisson had to speak frequently to the board Wednesday to answer, in adition to Miss Fry, members of the grand jury who were present with four recommendations about his budget. Three of the points were lost by the jury, and the fourth was agreed to strongly by the director.

The jury was not in accord with Morrisson's plan to have a superintendent of social welfare, who will be the assistant director of health and welfare; nor was it agreeable to the public nurse or the business manager of the Community Hospital. All three of of these positions were created, but none was filled and will not be for several weeks, according to Doctor Morrisson, because the board of health wishes plenty of time to find the most suitable person.

Morrisson was completely in accord with the jury's recommendation that the Community Hospital stay out of competition with private hospitals of the county, and he said this morning that it was his idea that the public nurse should make close investigations into circumstances of people who seek treatment at the county institution.

An important change in the personnel of the social service department will see Mrs. Ellen Biber, for several years the director, losing her place. Mrs. Biber has been told by Doctor Morrisson that he prefers to have a full-fledged medical man in the position. However, until the man is found, Mrs. Biber will serve as superintendent of social service and assistant to the director. It is likely, Morrisson told the supervisors, that Mrs. Biber will be retained on the staff, but what her position will be is uncertain.

Also yesterday came the dismissal of James Flynn, Redwood City, from his post in the social service department. Flynn joined the office nine months ago at a salary of $30 per month with the understanding that when the new budget was adopted he would be put on regular salary. The agreement was to have taken effect July 1. Yesterday he came to work and was notified that he no longer was needed.

While the center of activity has been in the health and welfare department, Morrisson said that despite the creation of the new jobs money would be saved.

The board Wednesday accepted the resignation of James Wallace as constable of the First Township and accepted the recommendation of the grand jury that Silvio A. Landini of Daly City take over Wallace's duties. Henceforth, there will be but one constable in the First Township. Landini was allowed additional expense money for his extra duties, but no increase in salary.

Appraisals in Home Loan Act Made Locally

Claude J. Hirschey, appraiser for the Home Owners' Loan Corporation, established by the home owners' loan act of 1933, was in Redwood City today, where he has been for three days appraising property of applicants for loans.

According to Hirschey, persons seeking loans must have their mortgagee's consent to take bonds before they can make their applications.

Applications may be left at building and loan associations or at banks, or they may be sent to Hirschey's office, No. 10 Third avenue, in San Mateo.

Will Vote for a Change

The political factions of San Mateo county are rent with dissensions. This breach is likely to mix things for the elections next year. Certain men want to lead both political parties and are opposed to a group who is determined that they shall not. At all events there is likely to be an upheaval in political circles in 1934.. As a whole the citizens of the county are dissatisfied with the political structure and will vote for anything for a change.

Machado in Exile

Former President Machado of Cuba, in exile at Nassau in the British Bahamas, refused to comment specifically on affairs in Cuba, but what he did say to interviewers was interesting as a peep into the mind of a fallen statesman. Declaring he would stand by his record, Machado remarked that while it might have faulty spots, "Most of it was good." He said he would not "interfere" in Cuban affairs, and expressed love for his country, with hope that the new order would "bring Cuba back to its senses."

How long this state of mind will last is problematic. Machado has wealth, and is accustomed to possession of power. It is not the nature of strong, active men deposed from rule to settle down to a condition of philosophic calm and dignified leisure. That political schemers will "work on" Machado in exile is not to be doubted. It will be interesting to see whether his love for Cuba will or will not be proof against temptation to return from his Elba and lead in new agitations.

It's a Penny for Riley

Purchasers of merchandise in paying the sales tax often say "here is a penny for Jimmie" which is entirely wrong. They should say "here is a penny for Riley" who sponsored the sales tax and for which the people voted last November. Rolph opposed the bill when it was before the legislature. He should not be blamed for its results. The people, who voted for Riley are responsible. They have no one to blame but themselves.

Just like the county charter. The people voted for it and are now finding fault with its workings. Voters must be careful how they cast their ballot. Every item on the ballot ought to be given careful study, otherwise great harm may be done the taxpayer who is the bone and sinew of the county.

Redwood City 30 Years Ago

Last Monday a baby girl was born to Mr. and Mrs. Ernest Drivon.

Mr. and Mrs. Morris Cooper returned from their wedding trip Thursday and will reside in this city.

Miss Jeannette Meacham left Monday for Sacramento to spend a week with her father, who is employed in the state printing office. Miss Meacham will attend the state fair while at the Capital.

The "Eclipse" is being repaired at its moorings back of the Capitol Hotel and will be used in conveying pleasure parties around the bay. Captain Bement says that having won the cup the "Eclipse" will race no more.

Next Tuesday at noon Harry Brace and Miss Ollie Christ will be married at the home of the bride's parents, Mr. and Mrs. John Christ. After a short honeymoon trip the couple will begin housekeeping in this city.

Bert Werder returned home Saturday from a six month's trip to Alaska. During the first part of his stay in the north Bert worked in the fisheries, but after the season's run he went to Dawson and Nome at which places he remained long enough to become acquainted.

Lewis Stirling returned from Washington Monday where he went last June to spend his vacation and has again entered Stanford.

Michael Valva Files For Uncle's Estate

Michael Valva, nephew of C. M. Valva, San Carlos Wrecking Company owner, who was killed in a crossing accident last week, through his attorney, James T. O'Keefe, has filed the last will and testament of his uncle in the county clerk's office. The estate is valued at about $10,000. Principal items of the estate include 3000 shares of Mountain Standard Oil Company stock, value undetermined, 10 acres of land in Brewster county, Nevada, and $70 in cash deposited at a San Carlos bank.

Heirs named are Joseph Valva, a brother, of Crockett; Lena Fazzio, a daughter; Bernice Valva, a daughter; Lester, a son, and the petitioner, Michael, a nephew, all of San Francisco.

Menlo Park

At a meeting of the city council Tuesday evening the license for selling beer was fixed at $10 on and $5 off. That is so those selling beer on premises will pay $10 a year while those who sell by the bottle which is taken away will be $5 a year. All may keep open until 1 o'clock. Any person failing to pay his regular license will be denied a beer permit. Mr. Carroll, representing the merchants handling beer, delivered a forceful speech in which he suggested the amount that they were willing to pay and this was adopted by the council.

Councilman Crane stated that he had received a communication from George E. Russell, owner of the old livery stable and saloon building on Oak Grove avenue, and he agreed to wreck those structures at once.

On motion a warrant was ordered drawn in favor of Charles G. Ellis for $35 to hold the option on his property on Hoover street, on which the contemplated new city hall is to be erected.

Councilman Hart read a report from the school nurse, Miss Boddy, of the number and kind of treatments, serums and toxoids administered to the local school children by Dr. Gerlough for which he was paid $100 by the city. Councilman Hart stated had the regular fee been charged it would have cost $362.

On motion made and seconded by Councilmen Hart and Crane a resolution entitled "resolution authorizing application to federal emergency administration of public works, under title two of the national industrial recovery act" was passed and adopted.

Miss Mary Weston and her sister, Miss Ellen Weston, returned from a sea trip to Canada during the week. Both young ladies had a delightful time during their two weeks' vacation in the North.

Yesterday a son was born to Mr. and Mrs. Charles D. Gregory, (nee Harrington), in Oakland. Mr. and Mrs. Thomas Harrington were notified of the new arrival early yesterday morning.

F. J. Commerford, who passed away in Palo Alto on Wednesday, was a former resident of Menlo Park. He learned his trade as a blacksmith with Greer and Taylor when that firm conducted business in the O'Keefe block many years ago.

Mr. and Mrs. Theodore Stebbins (Mary Emma Flood) have arrived from the East and have leased the George Montgomery home in Burlingame for the winter.

A representative of a large chain of theatres was here during the week looking for a location. It is possible that the Maloney heirs will erect a theatre in connection with the large structure to be built on the property held by them on the highway. Menlo Park is in need of a modern show house.

Mr. O. Olsen of Redwood City has purchased the business of the late Fred Nessler in the O'Keefe block.

It was rumored yesterday that another large chain store is to be located in Menlo Park. The more the merrier, although there appears to be a surplus just now of every kind of business.

Father B. Burke has returned from his vacation that took him on a trip through the Panama Canal and other places of interest. He spent some time at the Chicago fair and was well pleased with the exhibits. He declared that the California display was one of the best at the fair. Father Burke felt proud of his native state for preparing such an elaborate exhibition.

Mrs. Fannie I. Kurtz, city clerk of Menlo Park, has returned from a trip to the World's Fair at Chicago. While there she spent some time with her son, Dr. Kurtz, and his wife. The doctor fills an important position with a large firm in Cincinnati. Mrs. Kurtz enjoyed her trip very much and said she escaped most of the heat of the East.

On Tuesday night Florence Chess, district president, installed the officers of the American Legion Auxiliary in Central School Auditorium. Among the distinguished guests were Gladys Anderson of San Francisco, new area president; Mayor W.H. Weeden and Councilmen Crane and Dale, Fire Chief Cuff, Vice Commander Charles Dodd of San Francisco, Commander Blanchard of Menlo Park post and a representation from various San Francisco and San Mateo county posts and units. The installation ceremonies were public and a large number attended. A short program followed the presentation of Past President Dora Scott Devol with her past president's pin and chapeau. Her retiring speech was very touching. She has been a very fine president and has been the means of putting the local auxiliary among the foremost in the state. At the recent convention in Pasadena Mrs. Devol was unaminously elected delegate to Chicago to represent the eighth district. The incoming president, Ethel French of San Carlos, wife of Mayor Leon French, was presented with a basket of flowers by the unit. She in turn presented her husband with a can opener telling him from now on her time would be mostly spent with her unit in Menlo Park. The newly organized Redwood City American Legion Orchestra played for dancing which was enjoyed until midnight. Delicious refreshments were served.

Isabelle Weeden Lindquist is arranging a vaudeville show for the patients in the United States Veterans' Hospital Friday, September 1. Among her numbers wil be a juvenille group whose members belong to the Redwood City Moose Lodge. They are very talented and have been making successful appearances at local entertainments. Also Mme. Anna Taelet of Burlingame will sing a group of French songs. The program has not been compiled yet but it is hoped all who promised will perform as this means so much to the veterans.

The American Legion Auxiliary will hold their regular monthly card party at 2 p. m. in the Legion Hall Friday, September 1.

Reports from Livermore are to the effect that "Red" Walrath, who has been in the Veterans' Hospital there for several months, is improving in health. Mrs. Walrath was in town for several days but had to return to the northern part of the state where she is now residing in order to place her children in school.

Isabelle Weeden Lindquist will sing over KQW on Monday, September 4, some time during the N. D. G. W. program which will be on the air from 10 to 10:30 p. m. Past Grand President Evelyn L. Carlson of Atherton will make a speech, and Hazel Haub of Vendome Parlor in San Jose will open the program by singing "I Love You California." The program is being arranged by grand organist of the N. D. G. W., Clara Gairand.

Mayor W. H. Weeden and family will attend Governor's Day at the state fair in Sacramento, Saturday, September 2.

Mrs. Peter Bush gave a card party for charity in her spacious grounds on Berkeley avenue last Thursday. It was well attended and the guests enjoyed the beautiful surroundings.

Sheriff M'Grath is Police Ass'n Head

Sheriff James J. McGrath of San Mateo county has been elected president of the California Peace Officers' Association, following a convention at Lake Tahoe. He succeeds Chief of Police John J. Harper of Burlingame.

Troop 143, B.S.A., is Reforming Patrols

Troop 143 of Redwood City is reorganizing its patrols. Five new patrol leaders have been chosen temporarily and will act until the first Friday in October. At that time regular patrol leaders will be appointed and these scouts will have an opportunity to receive this appointment if they have shown leadership and willingness to work for their patrols.

The troop has limited its members to 40 scouts. The five patrol leaders will have one week in which to select the scouts they wish for their respective patrols.

Italian sunflower seed brought in from Italy and planted by Antonio Domarico of Omaha, Nebraska, grew to a height of 15 feet; the parent stock in Italy reaches only half this height.

Troop 143 is looking forward to a year of progress and activity.

The Young Men's Christian Association leaders' conference held at Camp Yu-Mi-Ci-A in Memorial Park this past week end drew 100 Y.M.C.A. boys' club leaders to make plans for the coming year. The affair began with a barbecue dinner Saturday evening under the chairmanship of George J. Davis of Millbrae. At the luncheon the chairman was B. L. Werder, chairman of the camp committee.

The conference closed Sunday evening with an address by Richard R. Perkins, general secretary of the San Francisco Y.M.C.A.

Covered Wagon Pioneer Club Is Organized

The Covered Wagon Pioneer Club is the latest addition to the many clubs in San Mateo County under the programs of the Young Men's Christian Association. This club is made up of boys in the neighborhood of the Roosevelt Chapel, where they have their meeting place.

This club, for boys 12 to 16 years of age, is under the leadership of the Rev. M. V. Cross. Temporary officers are Bernard Jenott, president; Robert Clarkson, vice-president; James Youtsey, secretary-treasurer. Other members who have signed the charter membership roll are Robert Norton, Kenneth Pelfry, Sanford Chamberlin, Junior White, and Darwin Wheeler. Several committees have been appointed.

The boys are planning to make their club room as attractive as possible with a museum and trophies. Another thing they are planning is to get an old wagon which they will outfit as a covered wagon so that they will be able to participate in parades and other functions when the opportunity offers.

Roy A. Hohberger, the local Y. M. C. A. secretary, was present at the last meeting, at which time he welcomed the boys into the fellowship of "Y" clubs. During the season just ended these numbered 86 in this territory and enrolled over 1500 boys, in addition to men's activities.

Boys who are interested are asked to get in touch with any of the members or the leader. The charter membership roll will be completed by September 15th.

K. S. GRAYS ARE NEWCOMERS

Carroll D. Hinman, vice-president, presided. He announced there will be no meeting next Monday evening because of the holiday.

The club welcomed Edwin Holmquist, past president, who returned after being confined to his home for several months as a result of a tractor accident.

Youth Held for Superior Court In Check Charge

Waiving his preliminary hearing, George Glover, 19-year-old Indiana youth who admitted to local authorities that he had passed numerous bad checks around the state in recent weeks, has been bound over to the superior court to answer to a charge of grand theft. The hearing was in the police court of Judge Edward I. McAuliffe, with Judge Percy Jackson of Burlingame on the bench.

Glover, alias Donald Gordon and also John F. Gordon, is accused of stealing an automobile belonging to Frank Gary, employe of the San Francisco Health Farm back of Redwood City. Deputy District Attorney Harold F. Anderson represented the prosecution.

The temperature of the sun is about 11,000 degrees Fahrenheit.

Reckless Drivers Are Given Fines of $25

Two reckless drivers drew heavy penalties when they appeared for sentences before Justice Edward Farrell in South San Francisco this week.

William C. Clark, 59, a waiter, and Paul R. Rodebolt, 41, salesman, each were penalized $25 for their infractions on Bayshore highway.

Insects devour one-tenth of the world's crops.

Open Verdict is Returned Here In Fatal Crash

An open verdict was returned this week by the coroner's jury which sat at the inquest in the death of Mrs. Anna Lonergan, Palo Alto and San Bruno woman, who was killed when the parked automobile in which she was sitting was struck by a truck on Bayshore highway a week ago.

Driver of the truck was Gerald E. Boedeker, 24, operator of a truck owned by the Lindsay Commercial Packing Company. Boedeker told District Attorney Edmund Scott that he had gone over 24 hours with only five hours' sleep.

No charges had been filed against Boedeker today, and indications were that the prosecutor's office would be more inclined to find some method of controlling the hours which the truck drivers could work than it would be to prosecute the man.

"Accidental death" was the verdict returned also by a jury in the coroner's inquest concerning the late Cono M. ("Mike") Valva, San Carlos wrecking company proprietor, whose life was taken last Friday morning when a Southern Pacific switch engine demolished his automobile on the Britton road crossing in San Carlos.

Redwood City Boy's Head is Gashed By Axe

Robert Avery, 10-year-old son of Mr. and Mrs. R. A. Avery, local restaurant operators, was treated at Mason Emergency Hospital Sunday morning after he had gashed his head while chopping wood with a small doubled-edged axe—but the ring of school bells made him forget all his troubles Monday morning.

He was out of bed and had breakfast before his parents were up, and away he went to McKinley school, among the first pupils to arrive for the opening of classes for the fall semester.

The Averys reside at 940 Clinton street.

Improvement of Lakeview Way Being Studied

Ways and means of improving Lakeview way in the Emerald Lake district are being studied by residents of that area, school authorities and the county engineer's office.

The schools are interested because a school bus is scheduled to use the road, which is declared to be unsafe. The road is not in the county system, and is therefore without the jurisdiction of the county engineer.

Twelve residents recently petitioned the supervisors for the widening of Lakeview way, and also for the repair of the road from Cordilleras to Summit drive, and from Summit drive to Oak Knoll drive. The petition was presented by Walter Barusch.

The expression "lame duck" originated in the stock exchange where it meant a person unable to fill his engagements or contracts.
